Joseph Cook
President, Village of Channahon
Executive Board Vice Chair

“READY TO GO” PROJECT SURVEY

The purpose of this survey is to identify any infrastructure or capital projects in your municipality which could potentially be funded by a federal economic stimulus package Congress is expected to consider the week of November 17, 2008. Projects submitted must meet the following criteria:

- They must be ready for construction (those still requiring engineering or design will not be eligible);
- They must have the immediate effect of creating jobs, improving the nation’s infrastructure and have lasting economic and environmental benefits on a community; and
- They must not otherwise be included in the capital or strategic plans of CMAP, IDOT, the RTA or the transit boards.

Below are listed project categories currently being considered for funding. Please list those local projects you believe meet the above criteria as well as their estimated costs. Responses are due by Friday, November 21, 2008 to Dave Bennett, Caucus Executive Director, either by e-mail (dbennett@mayorscaucus.org) or fax (312.553.4355). Thank you!

Water and Sewer Infrastructure Rehabilitation:

- **North Basin Sewer & Watermain Extension (need \$1,700,000)**
- **151st Street Watermain Extension (need \$550,000)**
- **151st Street Sanitary Sewer, Lift Station & Forcemain (need \$800,000)**

Local Road and Bridge Projects:

- **Parkview & Hamilton Reconstruction (need \$1,200,000)**
- **Valley & Runyan Reconstruction (need \$1,000,000)**
- **MacGregor Road Reconstruction (need \$500,000)**

Energy Conservation and Renewable Energy Related Projects (i.e. installation of solar panels or wind turbines; new energy distribution technologies such as distributed generation or district HVAC; energy retrofits of public and private buildings; and systems that capture and generate power from methane at landfills): N/A

Public Housing Modernization: N/A
